

Description

It can operate the PPT of the computer on the page up, full screen and page down functions.
It can close the display of interactive intelligent touch screen.
It needs to be used with an interactive smart tablet

Specification

Model	TV-820SP
Nib	Infrared touch, 8mm nano nib
Data transmission mode	2.4GHz RF wireless technology
Interface	Micro USB
Power supply	Built-in 150mAh lithium battery
Working current	About 10mA
Frequency range	2402~2480MHz
Air transmission rate	1 Mbps
Receiving sensitivity	5~40dBm
Operating temperature	-30°C~+55°C
Communication distance	15m
Operating system supported by receiver	XP/WIN7/WIN8/WIN10, Android
Compatible interface of receiver	USB2.0 compatible with USB1.1, USB3.0
Operating voltage of receiver	USB bus power supply (4.5-5.5V)
Stylus length	150±2mm
Stylus diameter	12±0.5mm
Nib diameter	8±0.5mm
Weight	18.3g
