Feature:

- * Unique appearance design.
- * Network extension function.
- * Power supply function.
- * One in and three out, connect to units, and realize network function, with communication indicators.
- * Connect the controller and units, realize the interface extension function.
- * 100M network transportation, hand in hand cascade.
- * Three ports for switch controller, SSRAM, 10 / 100M Ethernet ports, each port supports IEEE802.3, IEEE802.3u, IEEE802.3x standards, and has strong anti-interference capability.
- * Work with power supply adapter TS-0221DC to achieve long distance power supply.

Specifications:

Model	TS-0221
Maximum power consumption	1.5W
Power voltage	36V
Connection	Specified cables (6 pins)
Color	Silver
Weight	About 0.5Kg
Size	156 × 111 × 32mm(L×W×H)
Working temperature	-10°C ~ +60°C
Working humidity	20%~80% relative humidity, no condensation
