

Description

Scope of application: prepaid water meter, campus smart card, bus prepaid card, highway toll, parking fee, community management.

Specification

Model	TS-9100FC
Storage space	8Kbit, 16 zones, 2 passwords/zone
Working frequency	13.56MHZ
Communication rate	106Kboud
Read and write distance	2.5~10CM
Read and write time	1-2MS
Working temperature	-20°C~85°C
Erase times	>100000 times
Data storage	>10 years
Production standard	ISO 14443
Specification	0.87×85.5×54mm/non-standard card/white
Packaging material	PVC, PET, 0.13 copper wires
Packaging process	Ultrasonic auto wire planting/auto butt welding
