

Controller

TS-9200WB

Description

The cloud-controlled classroom server, working with the platform software, is the background management platform of the cloud-controlled classroom system.

Specification

CPU	Xeon 20 cores
Memory	DDR4 128GB
Hard disk	256G SSD + 4T Enterprise Hard Drive
Network card	2* Gigabit network card
Video output	1×VGA
Other	4*2.0USB、2*3.0USB、1*serial port
Working power consumption	AC 100-240V/500W
Cabinet	2U rack mounted design
Dimension (L×W×H)	430*660*88mm
Working environment	Ambient temperature -10°C ~ 50°C; Relative humidity≤75%
Weight	13.0Kg
