

Ceiling Speaker

KP-208RH

Feature:

- * High-quality and high-power ceiling speaker.
- * Adopt the coaxial design of a 8-inch woofer and a 1.5-inch tweeter.
- * The speaker adopts the high-grade PP disc diaphragm and large-diameter magnetic circuit system, which features clear sound and fast low-frequency speed. The tweeter adopts the silk-film soft dome speaker.
- * It is suitable for restaurants, cafes, hotels, various conference venues, supermarkets, offices, shopping malls, waiting rooms, and other public places.

Specification:

Model	KP-208RH
Speaker	8 " woofer + 1.5" tweeter
