

## Description

When used with professional power amplifiers and pre-effects processors, it forms a high-end conference sound reinforcement system with perfect sound effects and outstanding vocal performance. It is suitable for main sound reinforcement and supplementary sound in high-end conference rooms and multi-functional halls.

## Features

\*One mid-bass speaker unit and one horn tweeter unit are used.

\*The box is made of 15mm plywood, which is lightweight, wear-resistant and painted, and covered with dust-proof mesh cotton.

\*The precisely designed crossover optimizes the mid-frequency performance of the vocal part.

## Specification:

Model	KP-608M
Impedance	8Ω
Frequency response	65Hz~20KHz
Rated power	200W
Peak power	800W
Sensitivity	97dB/W/M
Max SPL(rated/peak)	120dB/127dB
Coverage angle	(H)80° (V)70°
Tweeter	1.3" compressed tweeter ×1
Woofers	8" woofer ×1
Dimension	425×340×(275+150) mm
Weight	9.2Kg
