

Column Speaker

KP-803HW

Feature:

- * Adopt eight 3-inch full-range speaker units imported from Italy.
- * The housing adopts 12mm high-quality high-density board, precision CNC processing, and wear-resistant spray paint treatment.
- * Precisely designed frequency response can optimize the high-fidelity reduction of the human voice.
- * Spliced array enables greater sound field coverage with fewer speakers.
- * Fully aluminum and gold decorative board, beautiful and elegant appearance.
- * Suitable for large multi-function halls, theatres, gymnasiums, outdoor performances and so on.

Specification:

Model	KP-803HW
Rated power	300W
Peak power	1200W
Max SPL(rated/peak)	120dB/126dB
Nominal impedance	4 Ω
Frequency range	70Hz-20kHz
Sensitivity	95dB(1M/1W)
Speaker	3 " full range speaker ×8
Net weight	13.1 kg
Size	965×180×200mm
