

Ceiling Speaker

TS-206R

Feature:

* High sound quality ceiling speaker.

* Adopt the coaxial design of a 6-inch woofer and a 1-inch tweeter.

* The speaker adopts the high-grade PP disc diaphragm and large-diameter magnetic circuit system, which features clear sound and good low-frequency speed. The tweeter adopts the silk-film soft dome speaker.

* It is suitable for restaurants, cafes, hotels, various conference venues, supermarkets, offices, shopping malls, waiting rooms, and other public places.

Specification:

Model	TS-206R
Speaker	6" woofer + 1" coaxial tweeter
Impedance	8Ω
Frequency response	60Hz-20KHz
Maximum SPL	102dB±3dB
Sensitivity	90dB±3dB
Rated power	40W
Peak power	160W
Opening size	Φ208mm
Maximum SPL (rated/peak)	106dB/112dB
Product size	Φ241×94mm
Weight	1.8kg
