

Professional Speaker

TS-618SP

Description

It works with the audio processor to form a set of high-end entertainment and conference professional sound system with outstanding vocal performance. It can be used as the main speaker in various high-end conference rooms and multipurpose halls, etc.

Features

- * Adopt a 18-inch subwoofer.
- * 18mm plywood housing, light weight, wear-resistant spray paint treatment, and dust-proof net cotton inside.
- * Large inverter holes can reduce distortion.
- * The entire series is equipped with efficient high-power amplifier modules and powerful DSP audio processors. Through different applications of the system, it supports comprehensive parameter settings, including 6 parameter equalization, frequency division, delay, and limit setting.
- * There is a jack at the top for mounting a pole with a diameter of 35mm.

Specification:

Model	TS-618SP
Impedance	8Ω
Frequency response	40Hz-400Hz
Rated power	600W
Peak power	2400W
Sensitivity	99dB/W/M
Woofer	18" woofer ×1
Line input sensitivity	0dB
Max SPL(rated/peak)	127dB/133dB
Dimension	770×505×600mm (H×W×D)
Weight	42.5Kg
Power supply	AC 220V 50Hz
Power consumption	480W
