

## Microphone pole

### TS-M409B1

## Feature

\* Support pickup function.

\* Support microphone status indication function, the red light is for speaking, and the green light is for speaking application.

## Specification

Microphone type	Cardioid directional electret microphone
MIC directivity	Cardioid
Frequency response	80Hz~16kHz
Microphone input impedance	680Ω
Sensitivity	-41±1.5dB (0dB=1V/Pa, at 1KHz)
Max SPL	120dB
SNR	>65dB(A)
Power supply	Microphone power supply
Microphone pole length and color	409mm Black
Weight	96.5g
