

The screenshot displays a web-based management interface for conference room equipment. On the left, there is a navigation menu with options like '设备管理' (Equipment Management), '控制设备' (Control Equipment), and '管理人员' (Management Personnel). The main area shows a table titled '设备类型' (Equipment Type) with columns for '序号' (Serial Number), '设备图标' (Equipment Icon), '设备类型' (Equipment Type), '创建时间' (Creation Time), and '操作' (Action). The table lists 10 different equipment types, each with a unique icon and a creation timestamp of 2024-01-21 11:08:25. The '操作' column contains '删除' (Delete) and '修改' (Modify) buttons for each entry.

序号	设备图标	设备类型	创建时间	操作
1	↓	遥控器	2024-01-21 11:08:25	删除 修改
2	💡	灯光	2024-01-21 11:08:25	删除 修改
3	🔊	音响	2024-01-21 11:08:25	删除 修改
4	📺	视频会议	2024-01-21 11:08:25	删除 修改
5	📺	电视	2024-01-21 11:08:25	删除 修改
6	🌬️	空调	2024-01-21 11:08:25	删除 修改
7	🗂️	存储设备	2024-01-21 11:08:25	删除 修改
8	📄	打印机	2024-01-21 11:08:25	删除 修改
9	📄	扫描仪	2024-01-21 11:08:25	删除 修改
10	🖨️	碎纸机	2024-01-21 11:08:25	删除 修改

Feature:

- * The administrator supports the addition, deletion and modification of the conference room control equipment, selection and switching of the conference room scene mode, and control operation and management configuration of the conference room equipment;
