

Description:

The conference content management terminal, by connecting to the content management system, controls the program playback on the entrance screen, and realizes the display and release of digital conference information such as texts and pictures.

Feature:

- * Support the display of conference information, multimedia information, promotional information, consulting information, advertising information, etc. The content, layout, theme and color of the display can be customized through the background.
- * Support scene interaction on the entrance screen, and synchronize the conference agenda to the entrance screen.
- * Support the entrance screen sign-in function; the initiator can send the conference sign-in QR code to the entrance screen.
- * Support conference information cache and offline playback functions.

Specification:

Model	TR-0740
Operating system	Android 5.1
Display screen	10.1 inches
Resolution	1920*1200
Touch screen	Capacitive multi-touch screen
CPU	RK3288 4-core A17
CPU clock speed	The maximum clock speed is 1.8GHz
RAM	DDR3 2G
External memory	EMMC 16G
Communication interface	1 RJ45 Gigabit Ethernet port, 1 OTG port
Infrared signal output	Support 1 infrared signal output
Infrared learning	Built-in infrared receiver, support infrared learning function
Relay	Support 1 relay control signal trigger
IO	Support 1 IO input signal trigger
POE power supply	No need for external power supply, support switch power supply
12V power supply	Support
Power consumption	14W (maximum)
Weight	1.85Kg
Size	262×178×23.5mm
