

Installation diagram

Description

The pallet accessory is specially designed for the UHD KVM seating management transmitter of the senseless dispatching system. It supports 220V AC input to 12V DC output. And you can freely select and install 8 KVM acquisition boxes or output boxes as needed.

Feature

- * Designed with 8 channels of 12V DC power supply output.
- * You can choose 8 collection boxes or output boxes freely.
- * Plug and play, easy to install, no need for the power adapters.
- * Unified deployment of multiple terminals, convenient operation and maintenance.

Specification:

Power supply	2.1A/115V AC 1.2A/230V AC
Output	12V DC
Efficiency (Typ.)	88%
Maximum current	10A
Overload protection	115~150% of rated output power (automatically recover after the abnormal load condition is removed)
Working temperature	-30~+70℃
Maximum power	120W
Dimension	484*105*265mm (L*W*H)
Weight	4.3kg
