- \* The station and the controller are connected by four-core cable, and the longest distance is 1000 meters.

## Specification

Rated voltage	DC12V
Rated power	1.2W
Communication method	Rs485
Number of ports	2
Transmission distance	MAX 1000m
Protection grade	Ip66
Explosion-proof grade	Ex ib IIB T4 Gb
Dimension	200mm×150mm×65mm
Net weight	1.3 kg
Installation	Wall-mounted
Color	Silver white
Operating temperature	-40°C - +60°C
Storage temperature	-20°C - +70°C
Relative temperature	20%~90%
