

Controller

TL-SL493

Feature:

- * Open programming console, Chinese/English operation interface, interactive control mechanism.
- * 7-inch capacitive display, Intel i5 CPU, 4GB memory, 120G SSD.
- * Linux operating system, more secure to use.
- * Built-in 2 USB2.0 interfaces, connected to mouse, keyboard, U disk, etc., easy to operate.
- * Built-in 4 Gigabit Ethernet ports, connected to the network to realize wired or wireless connection of third-party tools.
- * ART-NET signal can be converted into DMX512 for input and output.
- * Built-in 4 DMX512 ports, a total of 2048 channels; support network extension to 16 DMX512 ports.
- * Support connecting to other central control equipment to control and retrieve data; support international DMX512 signal protocol, Art-net network protocol, RS232 protocol, TCP protocol, and intelligent custom control protocol to realize control integration.
- * With power control mode, the host directly connects to the smart power distribution cabinet through DMX512 signal or ARTnet network cable to realize sub-regional control of equipment power.
- * Connect the designated mixer to realize remote control through the mobile tablet, including adjusting the volume of the microphone and recalling the fixed tuning effect.
- * Support various third-party tool control methods such as wall control panel, mobile phone, IPAD, etc.
- * You can record programs and control effects directly on the host panel.
- * Support flexible switching between host mode and console mode.
- * Unlimited number of new programs, unlimited program recording time.
- * Built-in program list, support custom naming, free sorting.
- * Support light/music/video synchronization playback.
- * HDMI video high-definition interface.
- * Support video resolution 1920*1080P, common formats such as mp4, mkv, rm, rmv, (vlc open source player).
- * One-click SHOW playback, simple design; perfect scene overlays and transitions.
- * Support point control in performance mode.
- * Support USB upgrade, MP3 upload, data load and backup.
- * AC~110-240V wide voltage input.

Specification:

Model	TL-SL493
Product size	485*415*130mm
Package size	570*530*240mm
Net weight	7.25kg
Gross weight	11.05kg
