

# Signal Amplifier

## TL-SL732

### Feature:

- \* Digital signal type: DMX512/1990
- \* 1 input, 1 direct output
- \* 8 channels of optical isolation signal distribution output
- \* With RDM function
- \* Electrical isolation voltage between each input and output interface: >1000V
- \* Digital signal indicator
- \* DMX signal input connection

### Specifications:

Input voltage	AC 110-240V 50/60Hz
Output	DMX512/1990 signal
Protection class	IP30
Fixture size (L×W×H)	483×152×44mm
Package size (L×W×H)	525×205×105mm
Gross weight	2.1kg(1PCS)
Net weight	1.8kg
