

Network Converter

TL-SL742

Feature:

- * Network to DMX512 Signal Type: DMX512/1990
- * 2 network input channels, 8 DMX512 output channels
- * 8 optical isolation signal distributed output channels
- * Support network to DMX512 function
- * Electrical isolation voltage between each input and output interface: >1000V
- * Digital signal indicator
- * DMX signal input connection

Specification:

Model	TL-SL742
Input voltage	AC110-240V, 50/60Hz
Output	DMX512/1990 signal
Protection class	Ip30
Product size (L×W×H)	483×158×44mm
Package size (L×W×H)	525×205×105mm
Gross weight	2.2kg (1PCS)
Net weight	1.9kg
