

Feature

- * High breaking air switch with dual protection of overload and short circuit.
- * 12-channel 32A bakelite plug output.
- * Built-in 12 relays with control, the relay is made of high-quality nickel-plated copper material to trigger instantly.
- * Control mode with international DMX512 signal protocol.
- * The controller can manually turn on and off each channel through the physical buttons or operate the work order in real time on the lighting console.
- * With an LCD screen that can operate the controller interface.

Specification

Power supply	Three-phase five-wire system AC380V±10%, frequency 50Hz±5%
Signal interface	DMX-512(1990)
Rated power	12 channels × 4kW. The maximum output power of each circuit can reach 4kW.
Dimensions	International standard 3U
Product size(mm)	L523×W487×H139 mm
Net weight	14.6kg
