

Features

- *Color system: 7-color LED linear color mixing, 16.7 million color variations, built-in macro function
- *Dimming: 0~100% linear dimming effect
- *Strobe: Electronic strobe, 0-15 times/second (built-in pulse strobe effect)
- *Color mixing system: HSIC (brightness/hue/saturation/color temperature)
- *Control panel: LCD display + four buttons

Specification

Input voltage	AC 110-240V 50/60Hz, 400W
Light source	PHILIPS 7-color LED
Life expectancy	50000H
Color temperature	2700K-8000K full spectrum adjustable
Angle	Wedge-shaped reflector 45°*60°
Control method	International standard DMX control protocol, DMX512 control/manual mode
Channel	7CH/9CH/11CH/14CH/17CH/22CH
Lighting material	High temperature resistant plastic + molded alloy material
Protection level	Ip20
Lamp size (L*W*H)	622*333*328mm
Packing size (L*W*H)	740*430*415mm
Gross weight	21.2kg
Net weight	17.7kg
