

Feature

- * Fan angle: 0-60° mechanically adjustable
- * Wind force: 1%-100% linear adjustment
- * Fog volume: 1%-100% linear adjustment
- * Operation interface: LCD touch display
- * Electronic temperature protection: Support
- * Timing control: Support
- * Liquid run out protection: Support
- * Preheating time: <2min
- * Liquid consumption: 160min/L (30%), 50min/L (100%)
- * Fog output: 130m³/min
- * Tank capacity: 5L

Specification

Model	TL-SL613
Input voltage	AC220-240V/60HZ, 1800W
Current limit insurance	220V/8A
Control mode	DMX512/Manual/Timed and Quantitative
Channel	2CH
Dimension (L×W×H)	520×260×380mm
Net weight	17.8kg
Package method	Flight case
