

Feature

- * Preheating time: 10min
- * Liquid consumption: 5min/L (100%)
- * Fog output: 2300m3/min
- * Spray distance: 30-50 meters
- * Control mode: DMX512/manual/touch control
- * Tank capacity: 6L+6L
- * Fan angle: 0-180° mechanically adjustable
- * Wind force: Digital linear adjustment
- * Operation interface: LCD full touch display
- * Timing control: Support

Specification

Model	TL-SL614
Input voltage	AC220-240V/60HZ, 4000W
Current limit insurance	220V/10A
Channel	2CH
Dimension (L×W×H)	810×510×810mm
Net weight	68.5kg
Package method	Flight case
