

Hanging Microphone Machine

TL-EL001

Feature

- * Activity stroke: 1-8m
- * Maximum load-bearing: $\leq 1\text{KG}$
- * Speed: $\leq 90\text{cm/s}$
- * Anti-fall protection: physical braking, electronic protection

Specification

Input voltage	AC 110-240V 50/60Hz , 40W
Traction cable	Diameter 6MM
Synchronization error	Less than 6MM
Installation method	Vertical lifting
Control method	Complies with international standard DMX512 signal control protocol, 3-core DMX512 signal interface; supports ArtNet protocol and program online update function
Operating mode	2 operating modes (DMX mode, manual mode)
Channel	3 channels
Protection level	Ip20
Working temperature	-20°C ~ 45°C
Product size (L×W×H)	335×147×408mm
Packaging size (L×W×H)	460×400×195mm
Gross weight	9.0kg
Net weight	7.8kg
