

Specification

Installation Type	Track Installation
Load	6.0kn
Operating speed	0.02-0.20m/s
Power supply	380V/50Hz
Power	P4/9.2kW
Number of hanging points	N hanging points
Positioning accuracy	≤±5mm
Operating noise	≤50dB (A)
Stroke	Customized
Reducer model	K series
Safety measures	Limit protection, dual brake system, limit protection, rope disorder protection, slack rope protection, soft limit, etc.
Rope winding form of hoisting rod machine	single-layer winding (large drum winch)
