

Feature

- * Support automatic control, with up, down and stop buttons for each channel.
- * Support electric lock, emergency stop, upper and lower limit, and height limit protection.
- * Support x-channel hoisting.

Specification

Model	TL-EM965
Installation method	Wall-mounted installation
Wiring method	ST terminals
Rated input current	9.5A
Rated input voltage	Three-phase five-wire system, AC380V±10%; phase-to-phase voltage allows a maximum of 3% unbalance
Rated input frequency	50Hz
Rated input power	2.2KW
Output voltage	0~three-phase AC380V
Output frequency	0~50HZ±5%
Output channel	Six frequency conversion switching outputs
Cooling method	Natural air cooling
Dimension	Custom made
Color	Black
